Entercom Indianapolis Goes Mobile **Local Radio Streaming to Mobile Devices**

(Indianapolis, IN) **Entercom Indianapolis LLC** today announced the immediate availability of **WZPL-FM ("Z99.5")**, **WNTR-FM ("107.9 The Track")**, and **WXNT-AM ("Newstalk 1430")** live audio streaming on select mobile devices. This innovative service is made possible through a partnership between Entercom Communications and **FlyCast™**, which began in July 2008.

FlyCast is the first content network specifically designed to deliver radio, video, and podcasts to devices such as the Apple™ **iPhone™**, **iPod Touch™**, and **Blackberry™** smart phones. FlyCast streaming is currently available to listeners in 130 countries worldwide and is one of the only ways for mobile listeners to take their favorite local radio stations on the go. Listeners can also stream their favorite radio stations on desktop widgets compatible with both PC and Mac. FlyCast recently added support for Facebook™ Connect, allowing use of the same login and sharing on individual Facebook profiles. FlyCast is a free application! (*Download links are provided below.*)

The FlyCast logo, with 'Fly' in a blue, sans-serif font and 'Cast' in a black, serif font.

According to Entercom's Senior VP/Digital, Sandy Smallens, "[Entercom] takes pride in being a pioneer in providing digital options to its millions of listeners around the country. FlyCast is clearly a leader in delivering high-quality mobile broadcast streams, and we are excited to be the first terrestrial broadcast group to join this rapidly growing network."

Indianapolis radio stations now available on the FlyCast network include:

WZPL-FM, Z-99.5, is one of the most popular radio stations for today's best music, geared towards adult listeners, in the Midwest. Z99.5 features highly-rated, well-known personalities like the Dave Smiley Morning Show, Ryan Seacrest, & Kim Iverson.

WNTR-FM, 107.9 The Track, plays the greatest hits of all time with a special passion for the 70's & 80's. The Track's wide variety spans all types of music, from MoTown to Disco, from Pop/Rock to Glam Rock, and from the British Invasion of the Beatles and Rolling Stones to the MTV Invasion of Duran Duran and Madonna.

WXNT-AM, Newstalk 1430, is the station where Indianapolis talks about the news. Abdul Hakim-Shabazz, a consistently conservative Muslim attorney starts the day. WXNT also features high profile talk radio stars Glenn Beck, Dennis Miller, Neal Boortz, Alan Colmes, and Phil Hendrie. The resources of Fox News Radio, and local connections, deliver the most breaking news coverage, live and unfiltered.

To stream these radio stations, consumers must install the free FlyCast application. WZPL-FM, WNTR-FM, & WXNT-AM can be found under "Indianapolis" in the "Cities Guide" menu option.

Download links:

- Apple™ iPhone and iPod Touch users can find the FlyCast application in the Apple App Store or the iTunes™ music store. Click [here to open the download page](#) on your computer.
- Blackberry™ Curve™, Storm™, and Bold™ users [click here to download](#) FlyCast.
- T-Mobile™ G1 (also known as the Google® Android™) users [click here to download](#) FlyCast.
- FlyCast offers a desktop streaming application. Click [here to download](#) for PC or Mac.

For best results, we suggest a device reset/reboot following installation of these applications. Complete information and support is available from <http://www.flycast.fm>.
